

The Opportunity

Across Asia, the market dynamics of the insurance industry is becoming more and more challenging.

Increasing price competition, increasing regulatory compliance costs, lack of strategic fit as well as management incompetence have resulted in poor results of many insurance companies.

This has led to opportunities for potential mergers & acquisitions.

Our Approach

We provide end-to-end solution to deliver a financially attractive deal:

1. Performing market assessment & identifying potential M&A targets, finding you the right partner with strategic fit.
2. Performing cash flow projection, actuarial appraisal valuation, evaluation of exclusive bancassurance arrangements, strategic business review & due diligence support.
